

Recommended QPP Options

What are your QPP Options?

Option 1: Test the QPP:

Submit some data to the QPP, including data from after January 1, 2017. Not eligible for positive payment adjustment.

Option 2: Participate for Partial Year

Submit QPP information for a reduced number of days. First performance period could begin later than January 1, 2017 and practice could still qualify for a small positive payment adjustment.

Option 3: Participate for the Full Year

Submit QPP information for a full calendar year. First performance period would begin on January 1, 2017. Could qualify for a modest positive payment adjustment.

Option 4: Participate in an APM

Participates in the Quality Payment Program by joining an Advanced APM, such as Medicare Shared Savings Track 2 or 3 in 2017. If you receive enough of your Medicare payments or see enough of your Medicare patients through the Advanced APM in 2017, you would qualify for a 5 percent incentive payment in 2019.
