

QUALITY PAYMENT PROGRAM - MIPS LAN WEBINAR: MAXIMIZING MIPS ADVANCING CARE INFORMATION SCORES FOR SMALL GROUP PRACTICES AND SOLO CLINICIANS

Upcoming Web Event

Obtaining a high Advancing care information (ACI) score is essential for small group practices seeking to achieve bonuses in the MIPS program. But because many small practices have limited or no electronic health records and may not participate in registries, achieving a good ACI score may seem difficult. This event will help small practices understand ACI scoring and advise them on how to maximize their limited

resources to earn the best ACI score possible. Panelists will discuss the ACI measures required for reporting, how to choose quality measures, ACI measures and improvement activities that can maximize your efficiency, eligibility for a hardship exemption and what to do if your practice does not have an EHR or use a registry. Join us for this valuable and free event and learn how you can succeed in MIPS now and in future years.

Participants will learn:

- What ACI measures are required for reporting
- Options for submitting your ACI data to CMS
- What the hardship exemption is and who is eligible for it
- How to avoid a penalty even if your practice does not use an EHR or participate in a registry
- How ACI requirements affect your decision to submit data individually or as part of a group
- How to strategically choose quality measures and improvement activities that are aligned with ACI requirements
- How to access **Free** TA Resources available right now

This event is designed for:

- MIPS-eligible clinicians from solo and small practices with 15 or fewer clinicians
- Practice managers and other staff tasked with submitting MIPS data
- Clinician stakeholders such as State and Medical Associations assisting small practices preparing to participate in MIPS

Registration

In order to accommodate schedules and time zones, two opportunities will be provided to participate in this webinar. Please register by clicking on the link that corresponds with the date you plan to participate.

- [Tuesday, October 17, 3:30 – 4:30 p.m. ET](#)
- [Thursday, October 19, 11:00 a.m. – 12:00 p.m. ET](#)
